

TIBCO Spotfire Educational Services

SP131 TIBCO Spotfire Essentials II

This session is designed to enhance skills for users of TIBCO Spotfire who have taken TIBCO Spotfire Essentials I, and introduces data manipulation plus some further visualizations. It is also useful for current users who have been using the basic features of Spotfire for some time and now need to take their knowledge to the next level.

Although this session stands alone, it develops skills and concepts which are introduced in its sister course, **SP121: Spotfire Essentials I**. Together the two courses cover the most common features of TIBCO Spotfire for Business Analysts and Business Authors.

Skills Learned

- Working effectively with multiple data tables
- Transforming and processing your data
- Understand and make use of the visualizations shown below

Course Topics

- Merging Data into an Existing Data Table
- Configuring, Filtering and Using Multiple Data Tables
- Creating Visualizations using Multiple Data Tables
- Relating Data Across Visualizations
